

January 2007

For Immediate Release:

SealSavers is happy to announce that the signature line of SealSavers products is now available through any Tucker Rocky authorized dealer. SealSavers signature product is their line of neoprene fork seal protectors, which were recently used by Precision Concepts on the winning Factory Honda bikes at the 2006 Baja 1000. To see the complete line of SealSavers body and motorcycle protection products please visit our website at [www.sealsavers.com](http://www.sealsavers.com) or contact your local Tucker Rocky authorized dealer.
